COMMISSIONER OF THE GENERAL LAND OFFICE

: Restoration under Sec. 24
: Federal Water Power Act. (June 10, 1920)

Restoration No. 1.

Register and Receiver,

Roseburg, Oregon.

Sirs:

By Executive order of May 7, 1917, certain lands in the Rogue River basin, Oregon, were withdrawn under the act of January 25, 1910 (36 Stat., 847), and converted into power site reserve No. 623.

By Executive order of December 12, 1917, certain lands in the Coquille River basin were withdrawn, and converted into Power site reserve No. 662.

By letter from the Executive Secretary of the Federal power commission (without date but which was received in this department December 29, 1920), I am advised that the Federal Power Commission, at its meeting, December 13, 1920, determined that the lands hereinafter described, would not be injured or destroyed for the purposes of power development, if opened to entry

or other disposition under the public land laws of the United States; provided, such entry or disposition be made in accordance with, and subject to, Section 24 of the Federal Water Power act. Such being the facts, the lands described in the [redacted] schedule are hereby restored to entry or other disposition, under the public land laws of the United States, in accordance with and subject to the provisions of Section 24 of the Federal Water Power act, approved, June 10, 1920, and further subject to the provisions of any other withdrawal, in the manner and subject to the following conditions:

(a) Soldiers' Preference. -- From March 1, 1921, to May 2, 1921, inclusive, said lands will be subject only to entry under the homestead and desert land laws, in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power act, approved, June 10, 1920, by qualified ex-service men of the World War, who have been honorably discharged or separated from the Service, or placed in the Army or Naval Reserve; provided, that such soldier-preference applicants may file their applications to enter at any time during the twenty (20) days prior to the date on which said restoration becomes effective, that is, from

April 10, 1921, to April 30, 1921, inclusive, all such applications to be treated as filed simultaneously, and conflicting applications to be disposed of by lot.

The preferences above provided for are subject to valid, prior settlement rights, or equitable claims, recongized by existing laws; but, to avoid confusion, any such right or claim should be asserted during the twenty-day simultaneous filing period provided in paragraph (a) above.

(b) General Disposition. -- Any of said lands not taken under paragraph (a) above will become subject to appropriation under any applicable public land law, beginning, May 3, 1921, in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water power act, approved, June 10, 1920.

Subsequent to this order, and prior to the date of restoration to general disposition, as herein provided, no rights may be acquired to said lands by settlement, in advance of entry, or otherwise, except strictly in accordance herewith.

States, provided that such entry or disposition be made in accordance with and subject to Section 24 of the Federal Water Power Act.

Such being the facts, said lands are hereby restored to entry or other disposition under the public land laws of the United States, in accordance with and subject to the provisions of Section 24 of the Federal Water Power Act approved June 10, 1920, (41 Stat., 1063), and further subject to the provisions of any other withdrawal or reservation in the manner and subject to the following conditions:

(a) Soldier's Preference - From October 26, 1921, to December 8, 1921, inclusive, said lands will be subject to entry under the homestead and desert land laws in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act approved June 10, 1920, supra, by qualified ex-service men of the World War, who have been honorably discharged or separated from the service, or placed in the army or naval reserve, provided that such soldier preference right applicants may file their applications to enter at any time during the 20 days prior to the

date on which said restoration becomes effective; that is, from October 6, to October 25, inclusive. All such applications, together with those filed at 9 o'clock A. M. October 26, to be treated as filed simultaneously and conflicting applications to be disposed of by lots.

The preference above provided for is subject to valid prior settlement rights or equitable claims recognized by existing laws, but to avoid confusion, any such right or claim should be asserted during the 20 days simultaneous filing period provided for in paragraph (a) above.

(b) General disposition - Any of said lands not taken under paragraph (a) above, will become subject to appropriation under any applicable land law, beginning December 2, 1921, in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act, approved June 10, 1920.

Subsequent to this order, and prior to the date of restoration to general disposition as herein provided, no right may be acquired to said lands by settlement in advance of entry or otherwise, except strictly in accordance herewith.

On receipt hereof, you will, from your records, prepare a list of said lands which are not withdrawn from agricultural entry or appropriated, or otherwise disposed of for use of the public. You will also make the proper notations of this order upon your records, noting thereon, and upon applications which may be filed for said lands:

"Entry made in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act".

Post the inclosed copy in your office, and give as much publicity to the matter as possible as a matter of news, without expense to the Government.

Promptly report your compliance with the instructions herein contained.

Very respectfully,

Commissioner.

Sirs:

By Executive Order of July 2, 1910, certain lands within your district were withdrawn and included in Power Site Reserve No. 36.

By letter from the Executive Secretary, dated April 21, 1921, I am advised that the Federal Power Commission at its meeting dated February 26, 1921, determined that the N½ NW¼, SE¼ NW¼, SW¼ NE¼ Sec. 21, T. 11 N., R. 18 W., would not be injured or destroyed for the purposes of power development if opened to entry or other disposition under the public-land laws of the United States, provided that such disposition be made in accordance with and subject to Section 24 of the Federal Water Power Act.

Such being the facts, said lands are hereby

restored to entry or other disposition under the public-land laws of the United States in accordance with and subject to the provisions of Section 24 of the Federal Water Power Act, approved June 10, 1920, (41 Stat., 1063), and further subject to the provisions of any other withdrawal or reservation in the manner and subject to the following conditions:

(a) Soldiers Preference. From November 16, 1921, to January 1", 1922, inclusive, said land will be subject to entry under the homestead and desert-land laws in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act, approved June 10, 1920, supra, by qualified ex-service men of the World War who have been honorably discharged or separated from the service or placed in the army or naval reserve, provided that such soldier preference right applicants may file their applications to enter at any time during the twenty days prior to the date on which said restoration becomes effective, that is, from October 27, 1921, to November 15, 1921, inclusive, all such applications, together with those filed at nine o'clock, a.m., November 16, 192X, to be treated as filed simultaneously, and conflicting applications to be disposed of by lot.

The preference above provided for is subject to valid prior settlement rights or equitable claims recognized by existing laws, but to avoid confusion any such right or claim should be asserted during the twenty days simultaneous filing period provided for in paragraph (a) above.

(b) General Disposition. Any of said lands not taken under paragraph (a) above will become subject to appropriation under any applicable public land laws, beginning January 18, 1922, in accordance with and subject to the provisions of Section 24 of the Federal Water Power Act.

Subsequent to this and prior to the date of restoration to general disposition as herein provided, no rights may be acquired to said land by settlement in advance of entry or otherwise except strictly in accordance herewith.

Sirs:

By Executive Order dated May 18, 1920, certain lands within your district were withdrawn and included in Power Site Reserve No. 739 (transmission line).

July 12, 1920, the Union Pacific Coal Company filed petition to divide coal lands into leasing units under the act of February 25, 1920, for, among other tracts, the NW¼, NW¼ S½ Sec. 22, T. 21 N., R. 102 W.

October 21, 1921, the Secretary created the unit authorized the advertisement of the same.

By letter from the Executive Secretary dated February 6, 1922, I am advised that the Federal Power Commission, at its meeting dated January 24, 1922, determined that all portions of said NW¼, NW¼ S½ Sec. 22, T. 21 N.,

Promulgating restoration under Section 24 of the Federal Water Power Act No. 51.

Register and Receiver,

Pueblo, Colorado.

Gentlemen:

By Executive Orders dated July 2, 1910, and May 16, 1911, certain lands within your district were withdrawn and included in power-site reserves Nos. 92 and 186.

The Federal Power Commission at its meeting held June 23, 1922, determined that the SW¼ SW¼ Sec. 14 NW¼, N½ SW¼, SW¼ SW¼ Sec. 23, E½ E½ Sec. 22, T. 48 N. R. 12 E., would not be injured or destroyed for the purpose of power development by location, entry or selection under the provisions of the Federal Water Power Act.

Such being the facts said lands are hereby restored to entry or other disposition under the public

land laws in accordance with and subject to the provisions of Section 24 of the Federal Water Power Act approved June 10, 1920 (41 Stat., 1063), provided that no other withdrawal or reservation of said lands shall be modified, vacated or in any way affected hereby in the manner and subject to the following conditions.

A. Soldiers' Preference Rights: From October 4, 1922, to January 2, 1923, inclusive, said land will be subject to entry under the homestead and desert land laws in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act approved June 10, 1920, by qualified ex-service men of the World War, who have been honorably discharged or separated from the service or placed in the Army or Naval reserve, provided that such soldiers' preference right applicants may file applications to enter at any time during the 20-days prior to the date on which said restoration becomes effective, that is from September 14, 1922, to October 3, 1922, inclusive, all such applications together with those filed at 9 o'clock A.M. October 4, 1922, to be treated as simultaneously filed and conflicting applications will be disposed of by lot.

The preference above provided for is subject to valid prior rights or equitable claims recognized by existing laws, but to avoid confusion such right or claim should be exercised during the 20 days simultaneous filing period, provided for in paragraph "A" above.

B. General Disposition. Any of said lands not taken under paragraph 2 above will become subject to appropriation under any applicable public land laws beginning January 3, 1921, in accordance with and subject to the terms and conditions of Section 24 of the Federal Water Power Act.

Subsequent to this date and prior to the date of restoration to general disposition herein provided for no rights may be acquired to said lands by settlement in advance of entry or otherwise, except strictly in accordance herewith.

You will make proper notations of this order upon your records noting thereon and upon applications which may be filed for said lands:

"Made in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act."

and post the inclosed copy in your office and give as

much publicity to the restoration as possible without expense to the Government by forwarding a copy of said restoration to the post office nearest the land for posting therein for the information of the public and by transmitting copies ofsaid restoration or an item concerning the same to the newspapers published nearest the land, being careful nt to send such copies or items without calling theparticular attention of the publisher to the fact that the matter is sent as news and that the Government will not be responsible for the cost of ary publication thereof. Register and Receiver,

The Dalles, Oregon.

Gentlemen:

By Executive order dated July 2, 1910, certain lands within your district were withdrawn and included in Power Site Reserve No. 66.

The Federal Power Commission at its meeting held October 21, 1921, determined that the SW¼ SW¼, SW¼ SE¼, Sec. 28, T. 10 S., R. 10 E., would not be injured or destroyed for the purpose of power development if opened to entry or other disposition under the public land laws of the United States provided that such disposition be made in accordance with and subject to the terms and conditions of Sec. 24 of the Federal Water Power Act.

Accordingly said tracts are hereby restored to all forms of entry, selection, location, and settlement.

Applications made for said tracts should contain the following:

Made in accordance with and subject
to the provisions and reservations
of Section 24 of the Federal Water
Power Act.

Make appropriate notations upon your records and post a copy hereof in your office.

Promulgating Restoration No. 106 under Section 24 of the Federal Water Power Act.

LAND CLASSIFICATION BOARD RECEIVED MAR 17 1923 GEOLOGICAL SURVEY

Register and Receiver,

Boise, Idaho.

Gentlemen:

By Executive Order dated July 2, 1910, certain lands within your district were withdrawn and included in Power Site Reserve No. 8.

The Federal Power Commission at its meeting held March 2, 1923, determined that Lot 6, Sec. 10, T. 24 N., R. 1 E., would not be injured or destroyed for the purpose of power development by entry, location or selection, provided the same be made subject to the terms and conditions of Section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 29 of February 14, 1920, as amended by Public Resolution No. 36, approved January 21, 1922, and Public Resolution No. 79, December 28, 1922,

1255

Salmon River

1074880 "F" OBB

that the above described public land, subject to valid rights and the provisions of existing withdrawals, shall be opened to entry subject to the terms and conditions of Sec. 24 of the Federal Water Power Act, by ex-service men of the World War, under the terms and conditions of said public resolutions and the regulations issued thereunder on May 1, 1922 and January 21, 1925, circulars Nos. 822 and 871, for a period of 91 days beginning with the 29th day from the date hereof and thereafter any of said land remaining unentered will be subject to disposition under any applicable public land law by the general public.

Subsequent to the date hereof and prior to the date of restoration to general disposition as herein provided, no rights may be acquired to said lands by settlement in advance of entry or otherwise except strictly in accordance herewith.

You will, upon receipt hereof, make proper notations of this order upon your records, noting thereon and upon all applications filed for said lands, the following:

"Made in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act."

Gentlemen:

January 24, 1922, August Champier filed additional stock-raising homestead application for the W½ NW¼, E½ SW¼, W½ SE¼ Sec. 21, T. 1 S., R. 78 W., which you rejected and transmitted to this office on appeal. DA-34

The records of this office show that said lands were withdrawn and included in Power Site Reserve No. 133, Executive Order of July 2, 1910.

September 21, 1922, your rejection of said application was affirmed from which decision the applicant appealed to the Secretary of the Interior.

April 7, 1923, the Secretary of the Interior remanded the case with instructions that the application be suspended as to the W½ NW¼ Sec. 21, pending designation,

the applicant having a preference right as to said W½ NW¼ by virtue of his successful contest against the homestead entry of Jacob Egger, made November 10, 1904, that the applicant be allowed 30 days within which to show by affidavit that he owns and resides on the patented entry in which event the remaining subdivisions would be open to entry subject to the terms and conditions of Section 24 of the Federal Water Power Act, and the application suspended in its entirety.

May 14, 1925, you transmitted to this office an affidavit signed by the applicant stating that he owns and resides upon his original entry and has so owned and resided thereon for more than ten years last past.

In view of the foregoing the E½ SW¼, W½ SE¼ Sec. 21, is hereby restored subject to the terms and conditions of Sec. 24 of the Federal Water Power Act, and the additional stock-raising homestead application filed by Champier will be suspended pending designation. The following reservation has been noted upon said entry:

> "Made in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act, as to the E½ SW¼, W½ SE¼ Sec. 21."

The application is returned herewith and when the lands have been designated you will, in the absence of

By Executive Order, dated July 2, 1910, certain lands within your district were withdrawn and included in Power Site Reserve No. 8.

The Federal Power Commission has determined that Lots 5 and 8, Sec. 26, Lots 1 and 2, Sec. 35, T. 25 N., R. 1 E., would not be injured or destroyed for the purpose of power development by entry, location or selection thereof, provided the same be made subject to the terms and conditions of Section 24 of the Federal Water Power Act.

In view of the foregoing, it is hereby ordered, pursuant to Public Resolution No. 39, approved February 14, 1920, as amended by Public Resolutions Nos. 56 and 79, approved January 21 and December 26, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead and desert-land

laws by ex-service men of the War with Germany, under the terms and conditions of said resolutions and the regulations issued thereunder, for a period of ninety-one days, beginning with the twenty-eighth day from and after the date of this order, and thereafter any of the land remaining unentered will be subject to appropriation under any applicable public-land law by the general public.

Subsequent to this order and prior to the date of restoration to general disposition as herein provided for, no rights may be acquired to said land by settlement in advance of entry, or otherwise, except strictly in accordance herewith.

You will note upon all applications which may be filed for said land:

"Entry made in accordance with and subject to the provisions and reservations of Section 24 of the Federal Water Power Act."

Very respectfully,

Acting Commissioner.

CONSERVATION BRANCH RECEIVED MAR 23 1929 GEOLOGICAL SURVEY

Sir:

By letter of November 27, 1928, the Secretary of Agriculture advised that Robert Oxnard, Mills Building, San Francisco, California, had made informal application under the act of March 20, 1922 (42 Stat. 465), as amended by the act of February 20, 1925 (43 Stat. 952), to exchange lands within the Plumas National Forest. The applicant offered the Government the N½ NE¼, SE¼ NE¼ Sec. 1, T. 22 N., R. 11 E., N½ Sec. 5, SE¼, SE¼ SW¼ Sec. 8, SW¼ NW¼, W½ SW¼ Sec. 9, W½, S½ SE¼ Sec. 21, S½ SW¼ Sec. 22, all Sec. 27, N½ Sec. 28, T. 22 N., R. 12 E., S½ SE¼, SE¼ SW¼ Sec. 31, S½ SW¼ Sec. 32, T. 23 N., R. 12 E., in exchange for the SW¼ SE¼ SE¼, S½ NW¼ SE¼ SE¼, SE¼ SW¼ SE¼, S½ NE¼ SW¼ SE¼, SE¼ SW¼ SW¼ SE¼ Sec. 30, N½ NE¼ NW¼ NE¼, NE¼ NW¼ NW¼ NE¼ Sec. 31, T. 23 N., R. 12 E., M. The Secretary of Agriculture states that it has been found necessary to present this exchange as to the selected land for areas smaller than regular legal subdivisions owing to the fact that remaining portions of these subdivisions contain land which is chiefly valuable for forestry purposes.

The Secretary of Agriculture states that the offered land has been examined and is found to be chiefly valuable for national forest purposes and is unoccupied by adverse claimants and that the selected land does not exceed the offered land in value.

Since public interests will be promoted through the consummation of this exchange the Secretary of Agriculture recommends that on submission of a formal application and satisfactory evidence of ownership to the offered land, title thereto be accepted and a patent issued to the applicant for the selected tracts.

The records of this office show that the selected lands above were withdrawn and included in power site classification No. 163, departmental order dated January 14, 1927. The Federal Power Commission has determined that the value of said land would not be injured or destroyed for the purpose of power development by entry.

location or selection, provided the same be made subject to the terms and conditions of section 24 of the Federal water power act of June 10, 1920 (41 Stat. 1063).

In view thereof, the aforesaid selected lands are hereby restored to entry subject to the terms and conditions of section 24 of the Federal water power act, supra. The applicant must file his consent to accept patent to the selected tracts subject to the terms and conditions and reservations of section 24 of the Federal water power act of June 10, 1920 (41 Stat. 1063).

The records of this office disclose no objections and accordingly the informal application is hereby approved, subject to the submission of acceptable title to the offered land and to full compliance with the regulations governing this exchange and to any protests or other valid objections which may appear.

You will advise the applicant that he is allowed 60 days from notice hereof within which to file in your office a formal application in accordance with the inclosed Circular 863. In due time report the action taken forwarding evidence of service.

Assistant Commissioner.

GEOLOGICAL SURVEY

Register and Receiver,

Bozeman, Montana.

Sirs:

By executive order dated July 2, 1910,
certain lands within your district were withdrawn and
included in Power Site Reserve No. 10

The Federal Power Commission has determined
that Lot 3, Sec. 6, T. 2 S., R. 2 E. 38.40 DA-15

would not be injured or destroyed for the purpose of
power development by entry, location, or selection
thereof, provided the same be made subject to the terms
and conditions of section 24 of the Federal Water Power
Act.

In view of the foregoing, it is hereby ordered,
pursuant to Public Resolution No. 98, approved February
16, 1920, as amended by Public Resolutions Nos. 36 and 72,
approved January 21 and December 28, 1922, respectively,
that the land described, subject to valid rights, shall be
opened only to entry under the homestead or desert-land laws
by persons who, at the time of the war with Germany, were in the
land service and who, prior to the date of this order, have
complied with the terms and conditions of said resolutions and regulations issued
thereunder, for a period of ninety-one days, beginning with
the twenty-eighth day from and after the date of this order,
and thereafter any of the land remaining unentered will be
subject to appropriation under any applicable public-land
law by the general public.

October 7, 1922, Mose Linz filed mineral application for Blind Trail and Old Timer lodes situated in Sec. 13, T. 6 N., R. 5 W., on which final certificate was issued January 9, 1923. DA-22

The records of this office show that the lands embraced in Blind Trail lode were withdrawn and included in Power Site Reserve No. 164, Executive order of December 16, 1910, and that said lode was located August 15, 1921.

V. L. B.
V. L. B.

May 28, 1923, you transmitted to this office an application for the restoration of said lands under Sec 24 of the Federal Water Power Act.

The Federal Water Power Commission at its meeting on August 16, 1923, determined that the lands embraced in said Blind Trail lode would not be injured or destroyed for the purpose of power development by entry location or selection provided the same be made subject to the terms and conditions of Sec. 24 of the Federal Water Power Act.

October 15, 1923, you transmitted to this office an election signed by the entryman, agreeing to take said lands subject to the terms and conditions of said Sec. 24.

In view of the foregoing, the lands embraced in said Blind Trail lode are hereby restored to entry subject to the terms and conditions of Sec. 24 of the Federal Water Power Act. The following reservation has been noted upon said entry and final certificate, and the same will remain intact:

"Made in accordance with and subject to the provisions and reservations of Sec. 24 of the Federal Water Power Act as to that portion embraced in Blind Trail lode."

You will recall the duplicate final certificate and note said reservation thereon.

Gentlemen:

By Executive order dated May 29, 1918, certain lands within your district were withdrawn and included in Powersite Reserve No. 688.

The Federal Power Commission has determined that all portions of the NE¼ NE¼ Sec. 25, T. 4 N., R. 14 E., lying more than 100 feet from the constructed water conduit known as the Utica Mining Ditch containing approximately 37 acres, would not be injured or destroyed for the purpose of power development by entry, location or selection thereof, provided the same be made subject to the terms and conditions of Sec. 24 of the Federal water power act.

of any right of way to the Utica Mining Ditch. However, it is presumed that the water conduit was constructed for mining purposes and therefore would be acknowledged and confirmed by Secs. 2339-40 Revised Statutes.

In view of the foregoing it is hereby ordered, pursuant to public resolution No. 29 approved February 14, 1920, as amended by public resolutions Nos. 36 and 79 approved January 21 and December 28, 1922, respectively, that the land described, subject to valid rights, shall be opened only to entry under the homestead or desert land laws by ex-service men of the War with Germany under the terms and conditions of said resolution and regulations thereunder for a period of 91 days beginning with the 28th day from and after the date of this order and thereafter any of the lands remaining unentered will be subject to appropriation under any applicable public land law by the general public.

Subsequent to this order and prior to the date of restoration to general disposition as herein provided no rights may be acquired to said lands by settlement in advance of entry or otherwise except strictly in accordance herewith.

Gentlemen:

By departmental order dated February 9, 1917, certain lands within your district were withdrawn and included in Water Power Designation No. 6. IA-9

The Federal Power Commission has determined that the lands embraced in homestead entry survey No. 672 in or near unsurveyed Secs. 29 and 30, T. 6 N., R. 7 E., would not be injured or destroyed for the purpose of power development by entry, location, or selection provided the same be made subject to the terms and conditions of Sec. 24 of the Federal water power act.

The records of this office show that the said lands are withdrawn within a national forest and, therefore, will not be subject to entry until restored from such withdrawal.

Gentlemen:

March 2, 1925, Perry Ault filed desert land applica-
tion for Lots 15, 15, 16 and SW¼ SW¼ Sec. 3, T. 2 S., R. 84
W., which you transmitted to this office for consideration
with reference to the power conflict. IIA-LK

The records of this office show that said lands
were withdrawn and included in power site reserves Nos.
116 and 244, Executive orders of July 2, 1910 and February
17, 1912. The applicant filed an election agreeing to
take said land subject to the terms and conditions of Sec.
24, of the Federal water power act, together with an affidavit
stating that he had had possession of said land since 1910,
and had placed valuable improvements thereon; that he had
25 acres in alfalfa which for the past two seasons had yielded

about two tons to the acre.

The Federal Power Commission has determined that the value of said lands would not be injured or destroyed for the purpose of power development by entry, location or selection, provided the same be made subject to the terms and conditions of Sec. 24 of the federal water power act.

Said tracts are hereby restored to entry subject to the terms and conditions of said Sec. 24 and in view of the equities of the desert land applicant the following reservation has been noted upon said application and the same returned herewith for reference to the Division Inspector under the current desert land circular:

"Made in accordance with and subject to the provisions and reservations of Sec. 24 of the Federal water power act.

Very respectfully,

Commissioner.

Blackfoot, Idaho.

Sir:

April 14, 1924, Adah Wells filed homestead application for Lots 8 and 11 Sec. 5, Lots 1 and 4 unsatisfied NW¼ NE¼ Sec. 8, T. 16 N., R. 21 E., which you transmitted to this office together with a prior settlement right claim.

DA-113

The case was referred to the Division Inspector and a report from an inspector shows that Judd Wells, applicant's husband, settled upon the land about 20 years ago and that he lived upon the land continuously until his death in 1923, that in 1916 this applicant filed a desert-land application for said lands, her husband having exhausted his homestead right. The desert-land application was suspended pending powersite

legislation, the lands having been withdrawn and included in powersite reserve No. 8, Executive order July 2, 1910.

Subsequent to the act of June 10, 1920, the desert-land applicant was allowed 30 days within which to file an election under Sec. 24 of the Federal water-power act. The notice was returned unclaimed and the desert-land application was finally rejected. However, the inspector's report shows that the failure to receive notice required in an election was no fault of the applicant.

The Federal Power Commission has determined that all of said lands except Lot 4 Sec. 8 would not be injured or destroyed for the purpose of power development by entry, location or selection provided the same be made subject to the terms and conditions of Sec. 24 of the Federal water-power act.

The applicant has filed a withdrawal of her application as to Lot 4 together with an election agreeing to take the land embraced in said application subject to the terms and conditions of Sec. 24 of the Federal water-power act. The application has accordingly been amended to embrace Lots 8 and 11 Sec. 5, Lot 1 and NW¼ NE¼ Sec. 8, T. 16 N., R. 21 E.

August 11, 1924, Phillip A. Craig filed homestead application for Lot 8, SW¼ SE¼ Sec. 20, T. 13 N., R. 9 E., which was allowed on the same date. JA-34

The records of this office show that said lands were withdrawn and included in power site classification No. 78, departmental order dated June 6, 1924. The entryman alleged settlement upon the land prior to power site classification and field investigation discloses the fact that some little improvements were made prior to the power site classification but no residence established.

The Federal Power Commission at its meeting held January 28, 1926, determined that the value of said lands would not be injured or destroyed for the purpose of power
